ACTIVE CORPORATION CARDS, ca. 1871#1988

34 microfilm reels

DESCRIPTION: This series contains document cards arranged alphabetically for companies incorporated to do business in Utah and was created by the Division of Corporations and Commercial Code to facilitate access to the Incorporation Case Files. The document cards, which include annual reports, contain information pertaining to corporation name, corporation case file number, original filing date, amount of capital stock, where incorporated, principal officers, amendments, and dissolution.

ARRANGEMENT: Alphabetical by corporation name.

RESEARCH NOTE: This series does not contain a complete listing of all corporations filed with the state over time.
